PRODUCT DATASHEET

RONIN LOW ESD

S3S FO SR

FTI 1174 BI4 01

SPECIFICATIONS

Upper	water-resistant, breathable and abrasion resistant PUTEK EXAGON upper, BI-BALANCED TPU stability system and FITGO rotor
Lining	BI-FRESH PLUS 3D lining with high breathability and top abrasion resistant
Toe-cap	BI-ALLOY high-strength forged aluminum
Nail protection	BI-SAFE "0" Perforation fabric PS metal-free, ESD
Sole	ESD dual-density PU BI-GRIP with resilient anti-shock insert and BI-SHANK cambrion
Insole	DAMPER PRO ESD
Size	36/48
Safety Norms	20345:2022
Fit	Mondopoint 11
Weight	590g

WORK ENVIRONMENT

Automotive / Logistics / Agriculture / Light Industry / Services / Cleaning / ATEX

COMPONENTS

BI-ALLOY: New ultra-light and non-magnetic toe cap, made with approximately 56% recycled aluminium. The special production system makes it extremely reliable even in the most critical situations. The toe-protection band makes it very comfortable

DAMPER PRO ESD: Open-cell PU insole with antibacterial fabric, ergonomic and anatomical. Enhances comfort and absorbs impact energy, especially at the heel, reducing stress from walking and lifting weights. Conductive materials ensure controlled electrostatic discharge, maintaining ESD compliance

DESCRIPTION

RONIN LOW ESD is a sporty safety footwear model, protection class S3S FO SR, with water-repellent and anti-abrasion PUTEK EXAGON upper offering high breathability, BI-BALANCED anti-torsion TPU support at the heel and FITGO dial lacing system

PLUS

FITGO: System that allows you to put on and take off our footwear quickly and easily, while maintaining all the safety features required in various work environments

PUTEK®: fabric designed to offer high resistance to abrasion and traction, while maintaining lightness and flexibility. Its advanced structure makes it ideal for applications requiring durability and protection in extreme conditions

INSERT: Special resilient PU insert that retains its shape over time. The BI-SHANK stabilizing system supports and protects feet, joints, and back, improving posture and shock dissipation. Ensures prolonged comfort, ideal for intensive use

BI-GRIP: Compound that gives footwear lightness, comfort, and durability. The injection technology and the polyurethane used provide the sole with high slip resistance and excellent stability, even on uneven and slippery surfaces

BI-FRESH PLUS: Three-dimensional Polyester lining with high abrasion resistance and breathability
